

Coffee Hour Schedule

For the past two years we have been using home states as the basis for the coffee hour groups. It has worked nicely, but it is time for a change. People have come and gone so the teams need revamping. This time we're going to use birthday months to form at least 12 groups. (No, you won't have to work on your birthday!) This will allow us to make new teams and new friends. In the case of couples, we will use the date most needed to form equitable teams. I hope to have enough teams so that each one would only need to host 4 or 5 times a year

One of our major challenges has been knowing when folks are in the area and when they're "up north." The new "Coffee Hour Team" form will provide us with that information. We hope to begin the new schedule the first of the year (January 2012) so please fill out the form as soon as you can. They are available in the fellowship hall as well as below. If you prefer, you can just email your info to messiahnm@yahoo.com. Please be sure you provide complete information, especially the "months in the area" part. Thank you for your willingness to provide hospitality to the members and friends of Messiah!
